HAPPY 14th to Hunter

On Saturday, September 6, 2003 at 3:00pm, the Trophy Committee reviewed the requirements for the CH Gold-Sun's Hurricane Cajun UD, SH, WCX Versatility Trophy. The purpose was to ensure the point schedule was balanced in all performance areas. Below is a summary of the schedule as it currently stands as well as the recommendations made by the committee:

DISCUSSION: The focal point of discussion centered on the number of qualifying legs that would be counted from agility at each level. Presently there are three groups that offer agility trials (AKC, USDAA, and NADAC). Within each level of agility (novice, open, excellent, master) there are four titling classes (standard, jumpers, preferred standard and preferred jumpers). The way the current standing rules read, points may be earned from each titling class from each of the 3 registries.

SUMMARY: Due to the number of points that could potentially be achieved by individuals competing in agility, the trophy committee recommends only two titles (a total of six qualifying legs) from the same level be applicable regardless of the titling class or organization. This recommendation is based on the following:

- 1- There are only two groups from which obedience points may be attained. Each group offers one title at each level.
- 2- There are only two groups from which hunt test points may be attained. Each group offers one title at each level.
- 3- There are only two groups wherein conformation points may be attained.

NOTE: Approved revisions to the versatility trophy will also apply to the Stud Dog & Brood Bitch trophies.
