## DFWMGRC Membership Meeting June 25, 2018

Donna Todd opened the meeting at 7:15.

Kathy Felix reported that in October there will be an AKC event supporting responsible dog ownership.

The treasurer, Linda Miller, reports that the club has increased funds even though there was a slight loss for the Western Regional and WC/WCX.

Fast Cat will be the last weekend of October and our club will possibly sponsor another one in November. The club is slated to schedule a Dock Diving Trial for the fall.

Dr. Haitai - Holistic Vet, Chinese Herbs, Chiropractor. Dr. Haitai discussed the multi-uses of Chinese herbs to hopefully reduce the growth of cancer, as well as, help dogs overcome the side effects of cancer treatment.

Hunan Baja – good for blood clots

Wei Qi – prevents pathogens from entering the body

Stasis breaker – healthy dog and weaker dog formula for increasing the length quality of life.

Chinese medicine used as transporters – certain formulas that target certain organs

Turmeric and Bromelain combined and fish oil – anti-inflammatory

Beef is a blood tonic

I'm-Yunity – Turkey tail mushroom – boosts immunity

This has been brought to my attention by Joan Dunbar and was not discussed at the meeting. Please read the following letter regarding a proposal going to the city council for a vote in Dallas on Wednesday June 27<sup>th</sup> about mandatory spay/neuter laws. Please contact the following congressmen with the noted talking points.

Meeting adjourned at 8:15.
