Jennifer Smallwood DVM CVA CCRP CVFT CVCH is a Dallas native who attended the Hockaday School before receiving a BS in Animal Science from Texas A&M in 1999. In 2003 she graduated from Texas A&M University College of Veterinary Medicine and moved to Lexington, KY to complete a private practice internship which focused on equine athletes at Keeneland Race Course. It was on the racetrack that she first became interested in acupuncture as a therapeutic and diagnostic tool. She practiced in the Lexington area for ten years and over that time her practice focus shifted from traditional medicine to acupuncture. She opened her own ambulatory practice in 2008. In 2013 she returned to the Dallas area and began to grow her practice here, and started offering her services to small animals in addition to horses.

Dr. Smallwood has been applying methods like acupuncture, chiropractic, herbal medicine, and other techniques to supplement the treatment of a variety of conditions in her patients for over 10 years. She is a 2006 graduate of the *Chi Institute of Traditional Chinese Veterinary Medicine*. She holds the **Certified Veterinary Acupuncturist** designation from the China National Society of Acupuncture. She is also certified by the *International Veterinary Chiropractic Association* to provide chiropractic care for animals. Dr. Smallwood is a graduate of the *Canine Rehabilitation Program at University of Tennessee's College of Veterinary Medicine* and holds the **Certified Canine Rehab Practitioner** designation. Most recently she earned the designation of **Certified Veterinary Food Therapist** through the Chi Institute in Reddick, FL. She is currently in the process of earning a Master's Degree in Traditional Chinese Veterinary Medicine
